Acton, MA

--Origami Takes Flight: *May 21, 2008*

Enter the uplifting art of paper-folding with artist Lisa Corfman. Learn to fold several simple designs as well as the famous origami crane.

--Snowflake Workshop: *January 23, 2002, 4PM*

Snowflakes begin as microscopic specks and then combine with water vapor to crystallize and grow into symmetrical crystals which fall to blanket our winter landscape. Explore the beauty of their symmetry and learn, with Endicott College student Lisa Corfman, how to cut beautiful paper snowflake designs of your own.

--Potatoes, Prints, & Patterns: *January 11, 2002, 3:30PM*

How can potatoes, recycled Styrofoam, and even objects found around the house be used to make beautiful prints and patterns? Endicott College student Lisa Corfman will help you create your own prints, cards, and decorated papers using these materials and simple printmaking techniques.

--Beyond the Letters: *December 28, 2001, 3PM*

Discover the artistry of letters from ancient to modern styles with Endicott College student Lisa Corfman. Explore the exciting possibilities of letter design as you create and decorate a letterform that is special to you.

--Wind Chimes: *March 28, 2001, 4PM*

Make a chime that will make pleasant sounds when the wind is blowing! Endicott College student Lisa Corfman will help you create your own special wind

chime from a variety of everyday and recycled materials.

--Pressed Flower Arrangements: *September 1, 2000*

Make a pressed flower arrangement and bring home a simple press to experiment with.

--Artful Transformations: *July 21, 2000*

Can an acorn can be a squirrel's hat? Create scenes with objects to look like something else.

--Feeding the Birds Co-taught with Mark Dalton: *June 23, 2000*

Explore how birds eat and create birdfeeders.

--Magnetic Marvels Co-taught with Enid Cortés: *March 6, 1999*

--Shake It Up! Co-taught with Stacey Sherburne: *August 15, 1998*

To demonstrate densities contrast in liquids and solids...
