AWDTF Open Studios of MRC

Significance: As stated in the Rocky Arts Foundation Statement, Corfman became involved with AWDTF through a domino effect and at the first meeting of her attendance to this group, in May 2006 made the suggestion of an exhibit as a result of her Capstone Project (the applied part of Endicott College's senior thesis), with a thank you to Dean Mark Towner (Capstone professor) and Lloyd Simon. Knowing Corfman's story, Simon encouraged Corfman to run an exhibit at his focus group space in Cambridge, Massachusetts which Corfman suggested to AWDTF, setting in motion what we now call the AWDTF Open Studios events, held twice a year. From the AWDTF network, strong connections were formed allowing longer term exhibits, specifically one at The Umbrella Community Arts Center, a reality.
